

# Public Services Begin

---

By adminlen On January 27, 2011 · [Add Comment](#)

Providence BPC began with a fervent desire for a Reformed and Presbyterian congregation in the beautiful Kootenai River valley of North Idaho well over a year ago on the part of a group of families in the region. After a lot of searching and praying, God answered those prayers by providentially bringing together the timing, the people, and the opportunity to make it happen. And so, on December 5, 2010, the first public meetings of the new mission church were held in downtown Bonners Ferry. We praise God for His goodness and providence in our lives!
